

# Air & Fluid Guns – Series 208

- **High blowing force**
- **Easily regulated infinite flow**
- **Ergonomic, comfortable controls**

The CEJN Series 208 blowgun has a valve package that enables it to handle both air as well as non-explosive fluids. The series is offered in several styles, including standard full-flow, noise-reducing Star-Tip, and a pressure-regulated safety version. Various tubes and tips are available to meet specific application requirements.
